Super Session #2 is designed to be a light and refreshing beer with low alcohol, yet the full hop character of a Session IPA.

Gandhi-Bot is an intensely hopped Double India Pale Ale brewed with a blend of three varieties of American hops. This beer is brewed for those of us who need an aromatic and flavorfully hopped beer.

Flavorfully blends the soft malt, fruity esters and delicate spicing of a Belgian White with hoppy citrus notes of an IPA. Pleasant hints of orange are framed with chamomile, coriander and grains of paradise.

Piney and grapefruit aromas from the use of whole-cone American hops.

Flavors and aromas of zesty citrus, passionfruit, and pine present themselves throughout. A very subtle malt sweetness for balance, but this is intended to finish dry.

A rich pineapple & tropical fruit aroma, with a flavor profile that very much follows that aromatic start, concluding with a lemon & herbal hop finish.

Pours hazy golden with nice head/lacing. Nice citrus smell. Citrus taste with smooth malt backbone. Well balanced with nice carbonation. Very tasty. Great beer.

Double dry hopped, double ipa, bursting at the seams with juicy, tropical citra and simcoe hops.

Brewed to celebrate the change of seasons, this farmhouse ale is dry hopped with Equinox.

Our interpretation of a traditional Belgian wheat beer, Allagash White delicately balances full flavor with a crisp, refreshing taste and subtle hints of spice. Naturally cloudy, bottled with yeast.

Fizzy, mild and fruity with a delicate aroma of yeast and the slightest hint of banana.

Spicy white pepper notes contrast the citrus tartness. A light, refreshing, creamy vanilla finish will excite those fond of Champagne.

Elegantly simple and enjoyably crisp. Pilsener's clean and easy-drinking with a light, spicy hop bite. Kick back, relax and pop open an instant classic.

Brewed for minimal character, though faint traces of hops or malt may show through.

The beautiful part of lager yeast is it creates a clean, dry brew, letting the hops shine. In this case, a lemon/tropical/dank mix.

We infuse Mass Rising with increasing amounts of American hops during the kettle, hopbock and dry hopping processes. Together, we have taken a journey to redefine the term 'lager.'

Restrained roastiness & muted hop profile. Low carbonation & an extra-thick, creamy head.

Milk Stout, the effect is similar to adding cream to your dark roasted coffee. The wizardry comes via "nitro," the brewing nickname for nitrogen gas.

Porter is a dark style of beer developed in London from well-hopped beers.

Brewed with a massive amount of coffee and chocolates, then cave-aged in oak bourbon barrels for an entire year to make sure wonderful bourbon undertones come through in the finish.

Experimental Barrel-aged cider with blueberry & cinnamon

With a focus on the subtle wine like character of the grapes, the brew maintains a copper color, wine yeast influence and a medium body with a tart and spicy finish.

"The end of the world. The excellence of triple fermentation through a blend of special yeasts gives this malt beverage an exquisitely robust flavor of exceptional refinement."

We regret that we cannot offer a refund or replacement for beer served

in good condition as determined by our trained employees.

Please ask a server, bartender or manager for a description of any draught or bottled beer.
